

Badge Swap Set For October 1

September 16 Deadline For Changing Issue Spot

The first exchange for the new meter take-home badges in the Y-12 Plant is scheduled to begin on October 1. Badges will be distributed according to the employee's request for the July 1 distribution, or according to changes submitted to the Security Department since that time.

How To Change Distribution

For the October 1 badge exchange, if an employee desires to change his badge distribution point from the one he designated on the last IBM card submitted to the Security Department, he must complete another card and return it to the Security Department no later than September 16. Blank forms for this purpose are available at self-service badge racks, pay portals, guard posts and the Stores Department.

The badge to be picked up on this exchange will have an all-blue border, except the bottom portion, which will be yellow. Badges will be placed in the self-service badge racks in badge number order and each employee should complete the exchange as soon as possible by simply picking up his new badge from the rack and leaving the old one in its place. This is the same system used in the July 1 exchange.

Two Weeks Are Allowed

As before, a two-weeks period is allowed for the exchange, during which time both badges will be valid for access to the plant. After October 16 the old badge will not be honored for access to the Y-12 Plant, and all badges not exchanged by that time will be moved to the Badge and Pass Office in Bldg. 9704-2. Employees who for any reason failed to complete the badge exchange during the allotted time must report to the Badge and Pass Office for their new badge. The Guard Department will handle the necessary exchanges during hours the Badge and Pass Office is closed.

Ben Lee Hammer To Receive Promotion On September 1

To be promoted from senior engineering draftsman to design engineer in the Y-12 Mechanical Engineering Department on September 1 is Ben Lee Hammer. He has been a Y-12er since April 4, 1948.

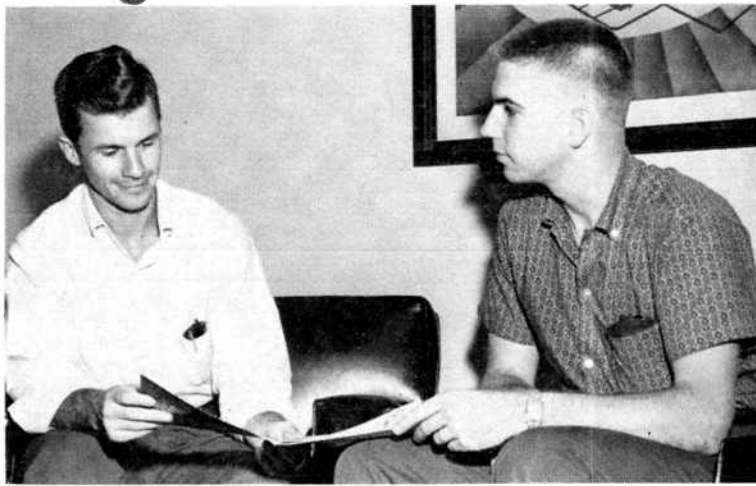

B. L. Hammer

Born in Knoxville on December 22, 1926, Hammer went to grade and high school there. He later attended Carson - Newman College in Jefferson City; St. Mary's College in California and the University of Tennessee in Knoxville. He majored in mechanical engineering throughout his collegiate career. He also served as a naval cadet.

SLIP-PROOF BATHTUBS

A new product, consisting of 12 self-adhesive strips of varying lengths, provides an effective means of slip-proofing a bathtub. Made of synthetic rubber, the strips come in decorator colors and will remain in place until pulled off, according to the manufacturer.

THE NEXT STOP IS ENGLAND FOR THESE TWO YOUNG MEN—Looking over travel folders for the continent are Richard Culver, in the Y-12 Mechanical Development Department, left, as he discusses his plans to attend Cambridge University; with Rhodes Scholar Jon McLin, an ORNLite in Y-12, who is leaving to attend Oxford University.

Y-12er Richard Culver Going To Cambridge University In England To Seek PhD Degree

Young Scholar To Specialize In Studies Of Theoretical Mechanics At Famed School

Historic Cambridge University in England has been chosen by Y-12 summer student employee Richard S. Culver, of Mechanical Development, as the site for the advancement of his education. The old landmark, founded in the 12th century, stands 56 miles northeast of London and boasts among its graduates one of the longest "Who's Who" lists in the world. Sir Isaac Newton, the "father of modern physics," and Erasmus are among some of its more noted alumni.

Father Is Former Y-12er

An old file copy of The Bulletin, dated March 23, 1948, reveals a photograph of young Culver, complete with "beanie" and a plane model he had just completed. At that time Dick's father, Joseph S. Culver, worked in the Y-12 Plant. The elder Culver now is in the Thermonuclear Division of the Oak Ridge National Laboratory. Dick Culver won several trophies and honors in model plane competition in those days.

Young Culver was graduated from Oak Ridge High School, took his BS degree in Mechanical Engineering from Vanderbilt University at Nashville and an MS degree in Engineering Mechanics from Stanford University in Palo Alto, Cal.

Dick Culver is committed to attend Cambridge for at least one year. He says that if his initial year there is successful, he will probably attend another year to earn his PhD in Theoretical Mechanics.

The university system at Cambridge consists of 19 colleges, 17 for men and two for women. Dick will attend Downing College, which was founded in 1800.

He intends to sail for England the latter part of September.

The Culver family lives at 110 Carnegie Dr., in Oak Ridge. They originally came from Berkeley, Cal., before moving here in the early days of the Manhattan Project.

Friend Is Rhodes Scholar

Spare time, that is week ends and holidays, will see Dick taking in as much of England and the continent as possible. A friend, Jon McLin, a summer student with ORNL, has been granted a Rhodes scholarship at Oxford University, only 80 miles away... and the two plan to play tourists between studies.

Another former Y-12er, Sue Wasson (now Mrs. Dave Thomas) also will be residing in the old English town since Dave received a fellowship to attend the university there.

Bulletin Invites Groups To Submit News Of Activities

The Y-12 Bulletin is issuing its annual invitation to professional and technical societies and other similar groups to use the columns of the plant newspaper to announce meetings and other activities of such organizations. Many Y-12ers belong to one or more organizations and depend on The Bulletin for news of activities.

Publicity representatives of the technical and professional organizations are reminded of the publishing and deadline schedules of The Bulletin. For publication in any weekly edition of The Bulletin, material must be in the office of the newspaper, Bldg. 9704-2, not later than the preceding Thursday. If pictures are included it is urged that the material be submitted one day earlier or the Wednesday preceding the date of publication.

ASTME To Tour Knox Gray Marble Finishing Plant

Chapter No. 107, American Society of Tool and Manufacturing Engineers, will open its 1959-1960 season tomorrow night, Thursday, September 1, with a plant tour of the Gray-Knox Marble Co. in Knoxville. The chapter has members in Oak Ridge and Knoxville, including several Y-12ers, with Y-12er Harold Alvey, Beta Four Heavy Machine Shop, being chairman for the coming year. The ASTME group will meet at the plant at 7:30 p.m. and inspect the modern machinery of one of the outstanding marble finishing plants in the country.

ON SOLID FOUNDATION

The beautiful Manti Temple (Mormon Church — Latter Day Saints) in Salt Lake City, Utah, was built in 1879 on a foundation of solid rock. The temple cost \$1 million.

Labor Day Holiday Next Monday Provides Sixth Long Week End

Extra Safety Precautions Are Urged Of All To Avoid Highway Or Other Mishaps Off Job

The sixth long week-end holiday of 1960 will fall from the calendar next week when the annual Labor Day observance comes on Monday, September 5, providing Y-12ers with a three-day period of rest. The previous long week-end holidays came on New Year's, Washington's Birthday, Good Friday, Memorial Day and the Fourth of July. Another one will come for Christmas.

On Monday, September 5, no Y-12ers will be required to work on Labor Day with the exception of those required for the continuous operation and protection of the plant.

Being the last long holiday of the summer season, Labor Day will provide Y-12ers an opportunity for travel, outdoor sports and other forms of recreation and just plain relaxing.

Heavy Traffic Expected

As usual, many Y-12ers are planning automobile trips over the long week end. Needless to say, extra precautions should be taken to avoid all the usual highway hazards as well as the extra special ones that are created with the heavy holiday traffic that is expected to clog roads all over the nation.

HOLIDAY WILL DELAY THE BULLETIN DELIVERY ONE DAY NEXT WEEK

With the Y-12 Labor Day holiday falling on Monday, September 5, the regular printing day of The Bulletin, distribution of the edition of Wednesday, September 7, will be delayed one day. The Knoxville print shop that produces The Bulletin also observes a holiday on Labor Day, so the printing will be done on Tuesday, September 6.

Y-12ers have been particularly fortunate during previous holidays this year in avoiding serious injuries. To maintain this excellent record, everyone is urged to be particularly cautious over the Labor Day week end—whatever their activities may be. These include travel, at play or at home—as well as at work.

Traffic Law Observance Urged

Observance of all traffic laws is one of the most important factors to be considered by holiday drivers. Speed limits are not posted to harass drivers—but to protect them. The same goes for failure to stop at stop signs and other "signs of life" placed along highways for guidance and protection of travelers.

Straddling center lines on highways is another good way to invite traffic trouble. Improper passing procedures likewise can lead to

Y-12er Runner-Up In Limerick Contest By Safety Council

R. T. Lovell, foreman in Tool Grinding, has won runner-up money of \$1 in the limerick contest for June, sponsored by the Industrial Supervisor magazine. The magazine is published by the National Safety Council and distributed widely throughout the plant by the Safety Department.

R. T. Lovell

The limerick contest, in which the publishers give the first four lines, ask that the contestant furnish the final line. Lovell's last line follows in black type with the rest of the limerick:

"When your people work safely all year,
There may be but one season to fear;
With vacation in mind,
They leave safety behind;
As the season for reason draws near."

Third Of Four Lectures At ORNL Slated For Friday

The third lecture in a series being presented by the Physics Division of the Oak Ridge National Laboratory and delivered by Dr. David Finkelstein, of the Stevens Institute of Technology, is scheduled for Friday of this week, September 2. It will be at 3:15 o'clock in the auditorium of Bldg. 4500, ORNL, with the subject being "Topological Relativity." The fourth lecture is slated for 1 o'clock next Wednesday afternoon, September 7, when the topic will be "Quantum Theory of Isotopic Spin." Y-12 technical and scientific personnel interested in the subjects are invited to attend the lectures.

Concord Park Will Be Site Of D Shift Weiner Roast

Concord Park on Ft. Loudoun Lake will be the site of a weiner roast to be staged tomorrow, Thursday, September 1, by Y-12ers on the D Shift. Fire and Guard Department Capt. Emmett L. Moore, chairman of the D Shift recreation committee, has announced that everything will be free for the big throng of guests expected.

Food serving will begin at 5:30 p.m. Six prizes will be awarded by drawings. Entertainment will be provided by Elbert Lockhart, Production Control, a ventriloquist and magician who has appeared at many Y-12 functions.

Mrs. David Wayne Goode

GOODE-CHASTAIN

Solemnized at the West Cleveland Heights Baptist Church, Cleveland, Tenn., on August 6 was the marriage of Miss Jerry Lynn Chastain and David Wayne Goode, of the Y-12 Alpha Four Cascade Operations Department. The ceremony was performed at 1 p.m. with the Rev. David N. Livingstone officiating.

The bride is the daughter of Mr. and Mrs. Stanley Chastain, of Cleveland. Parents of the groom are Mr. and Mrs. Luster S. Goode, also of Cleveland.

The bride was given in marriage by her father and during the ceremony wedding music was presented by Audrey Townsend, organist; and Ross Apperson, vocalist.

For her wedding the bride wore a gown of white Chantilly lace and brocade taffeta. The basque lace bodice featured a portrait neckline and long tapered sleeves ending in points on the hands. Her fingertip veil of illusion was held by a crown of pearls. She carried a bouquet of sweetheart roses centered with a white orchid.

Miss Beverly Vick, of Knoxville, was maid of honor. She wore a dress of pink chiffon. Other attendants were Mrs. Sam Randolph and Miss Shirley Finnell, both of Cleveland. Their dresses were identical to that of the maid of honor.

Kenneth Goode, brother of the groom, served as best man. He is stationed at Camp LeJeune, N. C. Ushers were Madison L. Frenchitt and Gene Glade, both of Cleveland. Ring bearer was Johnny England, also of Cleveland.

Following the ceremony a reception was held at the church.

The bride graduated from Bradley County High School at Cleveland and was editor of the school yearbook. She also attended Knoxville Business College. The groom also graduated from Bradley County High School where he was president of the senior class. He now is attending the University of Tennessee and is a co-op employee in Y-12.

The couple now is at home in Apt. 129-D, Taliwa Court, Knoxville.

Behind every many there's a woman—and she usually catches him.

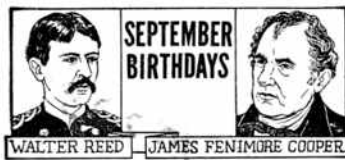

September Brings Autumn, Labor Day, Other Interesting Anniversaries And Birthdays Of Noted American Citizens

Summer is fast waning—bringing September with the first day of Autumn on September 21, the Labor Day holiday on September 5 and a number of interesting birthdays and anniversaries of important and interesting events. Blue is the theme for the jewel of the month and the flower of the month—the sapphire and aster.

A noted author and outstanding physician and surgeon have birthdays in September. They are James Fenimore Cooper, who wrote "The Last of the Mohicans" and "The Deerslayer" in addition to many other well known novels. He was born September 15, 1789 in Burlington, N. J. He took up writing on a bet and became the most famous of early American writers with his pioneer and sea tales.

Walter Reed, for whom the United States Army hospital in Washington, D. C., is named, was born in Beloi, Va., on September 13, 1831. He was an Army surgeon and bacteriologist who won fame for helping wipe out yellow fever

by discovering it was transmitted by the mosquito.

Now here are some of the historical events that transpired during the month of September—

September 1, 1885 — The first electric street railway in the United States began operations in Baltimore, Md.

September 1, 1850—An audience of 20,000 greeted Jenny Lind, the

"Swedish Nightingale," in New York City.

September 3, 1939—Great Britain declared war on Germany in World War II.

September 5, 1774 — The first Continental Congress assembled in Philadelphia.

September 5, 1836—Sam Houston, the pioneering Tennessean who migrated to Texas, was elected first president of the Republic of Texas.

September 6, 1620 — The Mayflower sailed from Plymouth, England, with its Pilgrim passengers to set up a new colony in the American colonies.

September 8, 1917—The Volstead Act prohibiting the manufacture and sale of alcoholic beverages in the United States, went into effect.

September 10, 1608—Capt. John Smith was elected head of the British colonists in Virginia.

September 13, 1814—Francis Scott Key wrote the Star Spangled Banner.

September 14, 1861 — The first naval battle of the War Between The States was fought off Pensacola, Fla.

September 14, 1901 — Theodore Roosevelt became President of the United States on the death of President William McKinley, who had been fatally wounded by an assassin.

September 15, 1857 — William Howard Taft, 27th President of the United States, was born.

September 18, 1793—The cornerstone for the United States Capitol was laid in Washington, D. C.

September 19, 1928 — Mickey Mouse made his first appearance.

September 22, 1789—The United States postal system was inaugurated.

September 23, 1926—In a Philadelphia rainswept ring, Gene Tunney knocked out Jack Dempsey for the world's heavyweight boxing championship.

September 24, 1755—John Marshall, first and one of the famous chief justices of the United States Supreme Court, was born in Virginia.

September 25, 1690 — Benjamin Harris published the first newspaper in Boston. It was banned after the first issue—a habit Bostonians have kept toward publications and books ever since.

September 26, 1820 — Daniel Boone died.

September 30, 1927 — Fabulous George Herman "Babe" Ruth hit his 60th home run of the season, setting a record major league batsmen have been striving to equal or surpass ever since.

den, W. A. Merritt, W. H. Woods, A. Reynolds, D. Dowrey, Jr., C. E. Sayne and O. C. Sharpe . . . T. D. Ronkiewicz is vacationing in Indiana and took his grandchildren along to help him enjoy the trip . . . A. L. Tilley is catching up on his loafing in North Carolina . . . R. N. Evans is visiting kin folks in South Carolina . . . N. B. Beason is doing whatever folks do in Florida to have fun . . . J. H. Moore is doing likewise in California . . . T. E. Verner is on military leave.

SHIFT SUPERINTENDENTS AND UTILITIES

"C'mon Gwanna, let's play," says little Cheryll Ann Bailey, granddaughter of L. R. Bailey, Utilities.

The youngster lives with her parents in Detroit, Mich., and is, of course, the apple of Grandpop's eye . . . It was ascertained last week that

Oscar Blackwell didn't stay at home after all on his vacation. He hied himself to Richmond, Va., and Atlanta—keeping secrets from his departmental reporter . . . Other Utilities vacationers include C. F. Meadors visiting a sister and brother in Ohio . . . B. G. Dyer is visiting a brother in Hammond, Ind. . . .

Continued on Page 4

BULLETIN, RECREATION MOVING IS POSTPONED BECAUSE OF TELEPHONES

Because of a delay in obtaining telephone connections and installation by the time of the scheduled move of The Bulletin and Recreation Department last week, the move now is scheduled for Wednesday of this week. The new location of the plant newspaper and the Recreation Department is Room No. 149, in the southwestern wing of Bldg. 9704-2. The telephone numbers for The Bulletin and Recreation Department will remain the same—7100 and 7109.

Y-12ers With 15, 10 Years Company Service

Congratulations to the Y-12 employees listed below who will complete 15 and 10 years of Company Service within the next few days.

15 YEARS

Charles S. May, Process Maintenance, September 5.

Joseph J. Kurtz, Process Design, September 6.

10 YEARS

Houston L. Pace, Property Sales, September 1.

John F. Powell, General Machine Shop, September 1.

Robert W. Jenkins, Process Maintenance, September 5.

Malcolm R. McKenzie, Beta Two, September 5.

Villard P. Maddron, Process Maintenance, September 6.

In the Company Service employment anniversaries last week the name of Benson Garrett, Z Area, was omitted from the list of Y-12ers who have completed 10 years of Company Service. His employment anniversary was August 24.

Get well wishes are extended the following Y-12 employees who were patients last week at the Oak Ridge Hospital:

H. L. Odom, Area Five Maintenance; Fred J. Salts, Research Services; H. Loveday, Production Control; Harry T. Clark, Sunflower Shop; Nathan G. McNeil, Receiving; C. O. Stephens, Sunflower Shop; Joe F. Davis, Area Five Maintenance; D. H. Tunnell, Area Five Maintenance; Marion McPeters, Chemical; C. E. Graves, General Machine Shop; C. W. Toney, Maintenance Auto Equipment.

DRIVE CAREFULLY! Children

Instead of the usual introductory conversation to this edition of Strictly Confidential, this portion of the Colyum will be devoted to a three-department saga of parenthood by two Y-12ers and the accompanying grandparenthood on the part of a third.

The story started at 1:42 p.m. on a calm Sunday afternoon, August 21, when little Miss Karen Elaine Creigh put in her initial appearance in this troubled world—of course, she don't know all about how many troubles are ahead. Karen's parents are Guard David Creigh, of the Fire and Guard Department, and his wife, Anna, and the little gal weighed in at Oak Ridge Hospital at seven pounds, three ounces and was 17 3/4 inches long.

The second chapter of the story involves David Creigh's big brother, Rod Creigh, of Special Projects. Not to be outdone by little brother, Rod and his wife, Betty, became parents of identical twin daughters just two days later, on Tuesday, August 23, at Presbyterian Hospital, Knoxville.

Probably just to be contrary, little Miss Chris Creigh chose the unearthly hour of 4:35 a.m. for her arrival, and weighed four pounds, 15 1/2 ounces. Just five minutes later along came little Miss Carol Creigh, tipping the scales at five pounds, one and one-half ounces. Family friends say Proud Pop Rod and his wife, as well as their doctor, were surprised over the multiple birth of twin gals and that the parents were hoping for a boy. The Rod Creighs already have one daughter.

To round out the Creigh yarn—the especially Proud Grandpop is Finley Creigh, B Shift Supervisor, of the Shift Superintendents Office, for whom last week several days was eventful in more ways than three. In addition to increasing by three the number of grandchildren in the family, Finley also had a birthday on August 15. In the rush of grandparenthood, he says he has forgotten just how many birthdays he has had.

To properly conclude the Creigh commotion, as the sun sank slowly over the hills of East Tennessee last Friday, everybody in the Creigh family were reported doing nicely—even Grandpop—so congratulations from this corner to all concerned.

Don't stop reading here—go on with the rest of the roving reporter's ramblings around the jernt—

INDUSTRIAL RELATIONS

The Boy in Blue and Gray of the Fire and Guard Department send get well quick wishes to Guard L. A. "Louie" Litton over at Presbyterian Hospital in Knoxville . . . Likewise to the father of Guard A. D. Tucker, the elder Tucker is reported seriously ill.

MAINTENANCE

Now, whatintheheck is this young 'un doing? Maybe celebrating catching a big fish—or somethin' along

those lines. Anyhow, young Gregory Sewell, grandson of G. E. Berney, a

Gregory Sewell

foreman in Mechanical Maintenance, seems to be highly contented with life as he sees it through the soothing aroma of the cheroot on which he is puffing. May his days always be so happy.

Process Maintenance extends condolences to H. L. Garrett and G. D. Garrett, whose mother died August 24 . . . Get well wishes go to the mother of T. Asbury, just home after hospitalization . . . Helen Estep is visiting in Johnson City while vacationing and is planning on getting moved . . . Friends (?) report that in the recent election G. W. Manning was voted out of Knox County—so he has moved back to Oak Ridge.

Electrical sends rapid recovery wishes to J. F. Johnson, ill in Presbyterian Hospital in Knoxville; and also to F. B. Parrott, E. L. Hendrix, and T. V. Williams . . . A. L. Prestwood is taking his son to Louisville, Ky., for medical care while vacationing . . . N. L. Derryberry is taking in the Walking Horse show over in Shelbyville.

MECHANICAL OPERATIONS

After doing his stint for Uncle Sam's Army by training in the latest methods of legalized assault and battery, W. V. Knipe is back with Rolling and Forming . . . J. T. Dobbs is water skiing on Watts Bar Lake and entertaining visiting in-laws at home while vacationing . . . H. C. Dickinson is taking it easy in Oak Ridge.

The TW Shops welcomes W. J. Shelley back after a long illness . . . Rapid recovery wishes go to G. Neal . . . Sympathy is extended O. C. Duck, whose father died August 14 . . . D. Neely is doing Daytona Beach up brown, having a swell time.

The Beta Four Heavy Machine Shop rolled out its king size welcome mat last week for M. G. Vance, W. A. Martin, L. Thornton, E. L. Braden, G. L. Roberts, J. L. Voyles, G. F. Campbell, G. F. Smith, W. E. Warren, W. V. Hensley, C. R. Eubanks, J. C. Guinn, O. F. Hill, R. E. Gray, R. C. Smitherman, C. H. Ar-

Gambill, Hamby Hold Slim Lead

Hill-Hoppe Threaten In Golf Loop Play

Ed Gambill and Newt Hamby hung on to their precarious lead in the Oak Ridge Golf League last week by defeating Cloyd-Hackett by five points. Inching up to within two points of first place the Hill-Hoppe pair took Youngblood-Burkhart for the full six.

Other full whitewash wins for the week were Smith-Bartholomew over Belvin - Hopkins, Mee - McLendon over Gregory - Kurtz, Holzkech - Peckman over the Kahley-Everitt duet, Thomson-Breman over Bailey-Stout, L. Emler-Hines over Mitchell-Tibbatts, and Dehoney-Orrison over Wallace-Peterson. The Boyd - Oliphant pair gained the full six also by drawing the bye of the week.

Only two four-point wins were posted as Brown-Roberts took True-Earley, and Ratjen-Davis overcame Underwood - J. Emler.

Low scratch scores for the week saw a four-way tie with Smith, Bartholomew, Hamby and Hines each firing 39. J. P. Smith came in with a 33 to take low handicap scoring honors.

League standing follows:

Team	W	L
Gambill-Hamby	80	34
Hill-Hoppe	79	35
Brown-Roberts	76	38
Smith-Bartholomew	74	40
Boyd-Oliphant	74	40
L. Emler-Hines	71	43
Underwood-J. Emler	65	49
Mee-McLendon	64	50
Ratjen-Davis	63	51
Dehoney-Orrison	61	53
Belvin-Hopkins	58	56
Holzkech-Peckman	58	56
Mitchel-Tibbatts	57	57
Thomson-Breman	57	57
Cloyd-Hackett	54	60
Wallace-Peterson	50	64
Kahley-Everitt	47	67
Youngblood-Burkhart	47	67
Gregory-Kurtz	45	69
True-Earley	44	70
Bailey-Stout	30	84

A FIRST PLACE BLUE RIBBON AND TROPHY WINNER in the August 20 horse show staged in Oak Ridge by the East Tennessee Riding Club was young Jim Abbott, son of N. C. Abbott, General Machine Shop. He is up on his Western pony, "My Little Friend," on which he had won one first place and one second ribbons and trophies in prior shows in East Tennessee. The Ridge show was the biggest ever staged by the local group, drawing 1,000 spectators and 168 entries. Many Y-12ers were active in staging the show.

Kingston Jaycees Stage Second Annual Amateur Ski Tournament September 5

The second annual amateur water ski tournament sponsored by the Junior Chamber of Commerce of Kingston will be held on Labor Day, Monday, September 5. A full day's program has been arranged, beginning at 9 a.m. and continuing until 6 p.m. The activities will be staged on Watts Bar Lake and may be viewed from Kingston Park on the lake shore.

Several Y-12ers have been active in arranging the program. D. C. Martin, Jr., Electrical, is general chairman of the entire event. Bethel Poston, Jr., Production Analysis, is vice president of the Kingston Jaycees. Marvin Dolsen, Area Five Maintenance, is in charge of ticket sales.

The water ski program includes mixed doubles skiing, trick riding, slalom event and jumping. Trophies will be awarded first, second and third place winners in each event. The program will be concluded with awarding of a grand prize of a boat, trailer and outboard motor.

Dove Season Opens In State Thursday

The first half of the split dove season will get under way September 1, according to Walbert H. Kennedy, chief of the law enforcement division of the State Game and Fish Commission. Chief Kennedy said that shooting hours will be from noon until sunset and the daily bag limit of doves will be 12 with a possession limit of 24 birds.

The first half of the split season will end at sunset, October 22.

The second half of the season is set to open December 15, and close January 1, 1961, Chief Kennedy said.

Sawyer-Hendrix Win Crown At Whittles

Despite late season disability by E. L. Sawyer and illness by his partner, E. L. Hendrix, the pair won the championship in the Whittle Springs League for Y-12 golfers in the Knoxville area. The season was concluded with play during the week of August 15. The Sawyer-Hendrix team finished with a fine record of 42 points won and only three lost during the season. Bob Loy and Gene Huskisson finished in second place with 37½ points won and seven and one-half lost.

Larry Mason Hurt, Given Year's Leave From AF Academy

A severe leg injury sustained while playing intramural tag football at the Air Force Academy at Colorado Springs, Col., has forced Larry Mason, son of a Y-12er and former fine football player and general all-around athlete of Oak Ridge High School, into a year's leave of absence from the academy. Young Mason is the son of C. W. Mason, of Research Services.

Larry Mason sustained his injury more than a month ago in a campus game. An opposing player ran into him, a knee hitting Larry's thigh to cause a severe bruise. A blood clot formed, requiring surgery that sent the young athlete to the sidelines from academy activities for the coming school year.

Young Mason has been visiting his parents in Oak Ridge since being released from the academy hospital. In addition to forcing him from sports competition, the injury prevented him from continuing the all-important basic, or "boot," training at the academy prior to the beginning of the scholastic year that is scheduled to start in September. The Y-12er's son's appointment to the academy culminated years of desire and preparation for the youngster. The appointment was obtained through efforts of Tennessee's Sen. Albert Gore and Rep. Howard Baker. Larry had planned to major in electronics. He definitely plans to return to the academy after his leave of one year is finished.

Young Mason's sister, Wanda Livesay, also is a Y-12er in the Machine Department of the Mechanical Operations Division.

Luck has a habit of favoring those who don't depend on it.

Carl Dorr, Bill Mee Reach Title Round In All - Carbide Golf Tourney Action

Art Hines Is Forced To Default Because Of Injured Finger; George Wylie Loses

Two Y-12ers were left in the Championship Flight of the All-Carbide Golf Tournament after second round matches were completed over the past week end. They were Carl Dorr, a former All-Carbide titlist; and Bill Mee. Dorr won from Art

Hines, fellow Y-12er and another UCNC ex-champ, when the latter was forced to withdraw after five holes of play because of pain from a smashed finger sustained in closing an automobile door the previous day.

Mee scored a two and one victory over fellow Y-12er Bill Hamill in a well played match. The victor now will meet H. E. "Po" Smith, of Oak Ridge Gaseous Diffusion Plant in the semi-finals. Smith beat George Wylie, Y-12, two and one. Wylie was Consolation Flight finalist last year. Dorr will meet Ernest Edwards, who beat Benny Crass, also of ORGDP.

Y-12's first championship in a lower flight came last week when George Evans turned back B. L. Smitherman, ORGDP, one up in the 15th Flight. In another flight final, Jim Fletcher, ORGDP, beat John Schmitt, Oak Ridge National Laboratory, for the crown in Flight 9B.

Final matches in the All-Carbide are to be completed on or before next Sunday, September 4.

In tournament tabulations made through last Friday by the Y-12 Recreation Office, Y-12ers were doing fairly well in lower flights of the competition. In first round matches Y-12 linksmen won 37 matches and lost 27. In second round play with figures far from complete, Y-12ers had won their way to the finals in seven matches to reach the finals and were defeated in four. In many of these engagements, it was a "sudden death" for Y-12ers as they would play fellow plantsmen.

Action Is Light In Tennis League

Action has been light in the Y-12 Men's Singles Tennis League during the past two weeks, weather being responsible for lack of considerable play. Although losing two matches, Harper forced Kuhn to three sets before bowing by 6-4, 4-6, 6-5 and gave Laggis quite a dispute before taking a 6-3, 8-6 defeat. In the other match reported Pridgen beat Huber 6-2, 6-4.

Latest league standing available follows:

Player	W	L
O'Hara	6	0
Campbell	7	1
Pridgen	6	1
Huber	5	4
Kuhn	2	3
Fischer	1	2
Laggis	1	3
Rekmeyer	1	6
Stephens	1	3
Harper	0	7

Three C League Teams Blank Foes

Three C League bowling teams got away to running starts as the circuit opened play for the season on August 22 at the Ark Lanes in Oak Ridge. The SPs, Chillers and C Shift each scored whitewash wins of four points over the Hifliers, IBMs and Par Busters, respectively. The Alley Cats and Beta Fours posted three-point wins over the Hookers and Ramblers. The Sunflowers and Big Five broke even at two points each.

Ray Galford, of the Sunflowers, started out in midseason form with a sizzling 631 scratch series in his opening attack on the maples. Several times last season he topped the coveted 600 mark. Fischer, of the Chillers, took all other individual scoring honors with a 257 scratch

game, boosted to 284 with handicap; and a 673 handicap series. The SPs came through with a 2499 scratch series to top the team scorers and boosted it to 2918 with handicap. The Ramblers' 886 scratch game was tops for the night as was the 992 handicap game by the Big Five.

Team	W	L
SPs	4	0
Chillers	4	0
C Shift	4	0
Alley Cats	3	1
Beta Fours	3	1
Sunflowers	2	2
Big Five	2	2
Hookers	1	3
Ramblers	1	3
Hifliers	0	4
IMB's	0	4
Par Busters	0	4

Skeet Shooters Set Meeting Thursday

Y-12ers interested in skeet clay pigeon target shooting are urged to attend a meeting of enthusiasts of the sport set for tomorrow night, Thursday, September 1. The meeting will be at 7:30 o'clock in the rooms of the Carbide Camera Club, Y-12 North Portal building. Some 15 to 20 skeet shooters enjoyed several weekly sessions last year at the Oak Ridge Sportsmen's Association range and the Recreation Department wants to help in promoting another successful season.

Hunt Camping Rules Relaxed At Tellico

Hunt regulations which in the past permitted deer hunters to camp in only designated areas on the Tellico Wildlife Management Area have been changed to allow camping anywhere in the Citico area, during the forthcoming hunts.

Jack Rogers, district biologist for the State Game and Fish Commission, said that only hunters participating in the first and third deer, bear and boar hunts on the Citico watershed of the Tellico Area will be affected by the new regulations. Under the new regulations, as applied to the Citico hunts, Rogers said that camping will be permissible anywhere in the hunt area. Hunters may check in on the afternoon prior to the hunts and check out the afternoon of the last day's hunt.

Mixed And Classic Open Next Week

The Mixed League of Y-12 men and women bowlers will be the next loop to swing into action for the 1959-1960 season when the eight-club circuit will launch activities next Wednesday night, September 7, at the Ark Bowling Lanes, Oak Ridge. The Mixed League will bowl at 8 o'clock each Wednesday night throughout the season.

The Classic League of 16 teams will begin competition the following day, Thursday, September 8, also at the Ark Lanes. The timber toppling by this—the oldest plant league in the Carbide organization—will start at 5:45 p.m. with sessions set at that time every Thursday for the season.

The last Y-12 bowling league to open its season will be the Bush League of 10 teams, which gets underway at 8 o'clock Monday night, September 12. This league will bowl at the same time every Monday.

THE CLINTON ALL STAR LITTLE LEAGUERS had five Y-12ers' sons in recent district finals in Maryville. In the first game of the district finals they defeated Corryton 9 to 3 and were defeated by Maryville by only 8 to 7. Kneeling in the front row, left to right, are Willys Bailey, Tim Kendrick, son of E. J. Kendrick, Fire Department; David Queener, Kenny Collins, Ernie Burris, Ronnie Kirksey, son of former Y-12er Wayne Kirksey; and Jerry Craft, son of H. V. Craft, of Electrical. In the back row are Coach Eugene Stamey; Paul Fowler, Jim Shoemaker, son of J. H. Shoemaker, Guard Department; Ricky Sharpe, Barry Tiller, son of W. F. Tiller, of Process Maintenance; Steven Allen, son of Truman Allen, an Oak Ridge National Laboratory employee and himself a former professional baseball player; Eugene Stamey; Daris James and Coach Wayne Kirksey, formerly of Product Processing.

Daughter Of Y-12er Is Writing Column For Oak Ridger

Whoever said beauty and brains don't mix certainly has not been around the J. W. Ebert household. Y-12 Maintenance Division Superintendent J. W. Ebert's young daughter, Linda, has been selected by the Oak Ridger to edit its "Teen Topics" column for this fall and winter. The column appears regularly in the Ridger and contains news of the younger set, party activities and other events.

Linda plans to major in journalism when she enters college next year, and has already been named assistant circulation manager for the Oak Log, the high school paper.

An active athlete, Linda is a crack swimmer, and attended summer camp last month as a councilor at Camp Toccoa, Ga. She has played clarinet for the past two years, and plans to play in the Oak Ridge Band again this year.

The Eberts have two other attractive girls. They are Ann, who will teach at Ft. Knox, Ky., this fall; and Carol, a sophomore in Oak Ridge High School.

Linda Ebert

Kentucky Wonders Win Softy Tourney As Season Wanes

As generally expected, the Oak Ridge Gaseous Diffusion Plant's Kentucky Wonders team in the Carbide Slow Pitch Softball League won the loop tournament handily and kept their record for the season without a loss. In the finals against their closest rivals throughout the summer, the ORGDP Process Engineers, the Wonders romped to a 10 to 0 triumph. Of the four Y-12 teams in the tournament, three were ousted in the first round of tournament play.

With the tournament over, regular league competition has been resumed and it is expected that the schedule will be completed this week, weather permitting. The Y-12 Development team won two tilts following the tournament, defeating their fellow-Y-12 Eagles by 27 to 3 and the ORGDP Payolas by 31 to 5.

Meanwhile, the Carbide Fast Pitch Softball League has been almost at a complete standstill for some time because of bad weather, working schedules and other factors. The Y-12 Whiz Kids are at the top of the loop in the second half of play after winning the first round.

Slow Pitch league standings follow:

Team	W	L
Hicks-Cook	16 1/2	7 1/2
Wright-Simmons	16 1/2	7 1/2
Schultz-Thomas	16 1/2	7 1/2
Watson-Kinkaid	15	9
Carter-O'Hara	13 1/2	10 1/2
Bowles-Koontz	13	11
Collins-Watson	13	11
C. E. Harris-Tom Harris	12	12
Thompson-Rogers	11	13
Spradlin-Pluhar	10 1/2	13 1/2
Arrowood-Wray	8	16
Ernest Kennedy-Ludlow	8	16
Frank Kennedy-Beckett	7	17
Rutherford-Stinnett	6 1/2	12 1/2

Griffin has had good success with both of his horses in several state horse shows this season, among his crowns being in the Upper Cumberland Amateur Championship a few weeks ago.

The son of a Y-12er among the Ridge show winners was Jim Abbott, whose father is in the General Machine Shop. Young Abbott (see picture elsewhere in The Bulletin) won a first place trophy and blue ribbon on his Western pony, My Little Friend.

"Jane: 'He's always a perfect gentleman when he's with me.'
Mary: 'He bores me, too.'"

Continued from Page 2

O. F. Jordan is spending some time with kin folks in Louisville, Ky., and Dayton, Ohio. . . A. H. Gough is fishing over in North Carolina. . . I. L. Hill is visiting his wife's relatives in Ohio. . . Stay-at-homers are J. G. Jones, Don Bell and C. E. Oney. . . Over his long break C. A. Cox entertained his granddaughters. . . J. O. Loy relaxed at Norris Lake.

The PSS Office extends sympathy to Mildred Kidwell, whose uncle died a few days ago. . . Friends and fellow workers enjoyed a "going-away party" last Thursday night for George Everitt at the Alexander Hotel in Oak Ridge just prior to his departure for Houston, Tex., to join Union Carbide International Company.

A home vacation is being enjoyed by Jake Burchfield, Steam Plant.

FINANCE AND MATERIALS

Up in Fontana, N. C., for his vacation is Bill Moles, Timekeeping. Best wishes for a speedy recovery go to Beverly Domer, Property.

A vacation with kin folks in Union City, Tenn., is being enjoyed by Athala Markland, Accounting and Budget, and family.

Lewistown, Pa., was the vacation site chosen by Lloyd Kahler, Material Control. . . Get well wishes go to Mildred Reynolds, ill in Presbyterian Hospital, Knoxville.

ENGINEERING

Mechanical Engineers away on vacation this week are Vic Allen, who just stayed at home; and Ken Pluhar, who took his family up to his home state of New Jersey for a couple of weeks. . . Sympathy is extended to the family of C. P. O'Brien, who lost their father-in-law, last week. . . Best wishes for a speedy recovery are sent to Clara Ferguson, mother of Spence Ferguson; and to an aunt of Burl Chambers, who underwent surgery last week. . . Get well wishes are also sent to Tom Norris, who is on the ailing list. . . Looking around the other day we saw a couple of new faces in the group at Bldg. 9766. They are Willard Mabe, who hails from Danville Institute, Danville, Va., and Mart Kellerman, a co-op student from the University of Detroit, whose home is Sandusky, Ohio. Welcome, fellows! . . . Tom Harris is counting on a jolly ol' time in South Carolina for the next two weeks at the Naval Training Station. . . W. C. Collette is the proud owner of a new 14-foot boat. . . Last week-end Joe Howell took his family over to Cherokee, N. C. Seems he wanted to prove to the little ones that there were some "good" Indians left in the world.

TECHNICAL

Off to South Carolina for his vacation is T. J. Cagle, Radiation Safety, who says he is going to sleep all week. . . Staying at home with her two daughters is Connie Mills. . . M. Sanders is planning a week on a nearby lake in a houseboat, weather permitting. . . Rapid recovery wishes go to Fred Williams, who underwent surgery recently.

The Proud Pop of Metallurgical Development is R. B. Burditt, who welcomed little Judith Ellen into the family August 23. Born at Oak Ridge Hospital, the youngster weighed six pounds, 13 1/2 ounces.

Special Projects folks tendered a surprise birthday party one day last week for Margaret Williams—now you know better than to ask a lady her age. . . Jim George will become a villian of Knox, having bought a house in that metropolis recently. . . Margaret Kirby and family are camping out around Tellico Plains. . . Helen Gordon has returned to work after her recent motherhood. . . Now the details of that much-discussed fishing trip by Larry Rinderer and Sam Rea are being bared. Seems as how Larry got up late for a 4 a.m. rendezvous with Sam, the former missing his breakfast. Whizzing along the Oak Ridge Turn-

pike to meet his fellow angler, Larry ran afoul of the long arm of the law. Meanwhile, Sam got the breakfast and helped Larry buy a needed fishing license. En route to the fishing site, Larry's car hit a dove, turning his auto radio antenna into an arc. Later the fishing foray was further interrupted when Larry ran out of gas—or rather his automobile did. Well, if one and all have had a good cry, let's knock it off.

CHEMICAL OPERATIONS

Colex Operations extended the warm hand of welcome last week to John Isabell, transferred from another department. . . Ruby Lucas is welcomed back after being on the sick list. . . Judy Bartlett enjoyed a week-end jaunt to Cumberland State Park in Kaintuck with her MYF church group. . . Hugh Caudill took his family to the same popular spot for a few days of rest.

Beta Two last week rolled out the crimson carpet of greetings to H. L. Bridges, C. F. Christie, E. C. Cox, C. C. Ruckart and F. A. Watson. . . R. C. Smith, of C Shift, was welcomed back warmly after a sojourn in Oak Ridge Hospital. . . J. A. Coleman vacationed at home in Clinton entertaining his folks from Memphis. . . C. V. Copeland and family visited relatives in Alabama while vacationing. . . George Harris and family did their sun bathing, swimming and fishing in Florida. . . J. E. Hannah and M. R. McKenzie just loitered around. . . R. C. Smith is planning to attend the Tennessee Walking Horse Show at Shelbyville this week. . . Good luck wishes go along with Bill Hicks, transferred to the Technical Division.

Well, that looks like it's about all there is, there ain't no more, for this time.

Lead Is Deadlocked In Harriman League

A two-way tie for first place resulted from play in the Harriman Carbide Golf League after the sixth round of the second half of the season. Bruce Isham and Benny Crass climbed into a deadlock for the lead by trimming J. H. Buttram-L. E. Brown, previous first place team, by three points. Close behind were Hobey Thomas-Bill Hamill after taking a four-point forfeit from Franzreb - Webster. Dave Cuneo-Warren Grimes blanked Jim Jordan - Bob Brown in links play. Three and one-half point victories were posted by E. S. Henck - Bob Lynn over Tom Pickel-Jim O'Keefe, Jim Winters - Harris Creswell over Ed Ellis - W. H. Brown and Bob Tilley - Ted Willmarth over Leo Scalf - Kenny Deal. Dick Magyar - John Sharpe split even at two points each with George Warlick - Joe Stanley.

Crass had the best scratch round of the session with 34 and a 32 by Buttram was the low handicap score.

League standing follows:

Team	W	L
Buttram-L. E. Brown	19 1/2	4 1/2
Isham-Crass	19 1/2	4 1/2
Hamill-Thomas	19	5
Cuneo-Grimes	16 1/2	7 1/2
Winters-Creswell	15 1/2	8 1/2
Henck-Lynn	14	10
Ellis-W. H. Brown	13	11
Stanley-Warlick	9 1/2	14 1/2
Tilley-Willmarth	9 1/2	14 1/2
Magyar-Sharpe	9 1/2	14 1/2
Pickel-O'Keefe	9	15
Jordan-Bob Brown	9	15
Scalf-Deal	4 1/2	19 1/2

54,000 Trout Placed In Tellico Streams

The season's planting of trout in the streams of the Tellico Wildlife Management Area by the State Game and Fish Commission now totals 54,000 fish, according to Ray Beaty, hatchery superintendent of the Pheasant Field Rearing Station. Superintendent Beaty said that the

Labor Day Holiday Safety Is Urged

Continued from Page 1

serious consequences for careless drivers who "just want to get ahead." Passing other vehicles on curves and hills is particularly dangerous. So is passing at intersections and on bridges.

Following vehicles directly ahead too closely can result in collisions with dire results.

Don't Rely On Horns

Drivers who exercise courtesy along with carefulness have a much better chance of avoiding danger than those who do not. So don't rely on horns instead of brakes.

Outdoor activities also present safety problems and lack of carefulness can prove costly, if not fatal, in swimming, boating, water skiing, hunting or the many other pastimes usually enjoyed on holidays. Use of good common sense along with observance of recognized rules of safety in any activity can bring Y-12ers back home safely from any holiday jaunt.

Therefore, for the well-being of every Y-12er and members of their families, observance of the National Safety Council slogan — "Safety Everywhere—All The Time" could be the best path to follow so everyone can be back safe and sound at the end of the holiday.

stocked trout were all adult fish and ranged in size from 12 to 15 inches. They were planted at bi-monthly intervals.

While rainbow made up the bulk of the releases, Beaty said, some 5,000 of the liberated fish were brook trout.

Some men who wouldn't dream of gambling think nothing of getting married.

Three Teams Tied For Lenoir Lead

When all the divots finally dropped in the Lenoir City Golf League for Carbide golfers after play for the week of August 22, three teams were tied for first place in the circuit. Hicks-Cook trimmed Schultz-Thomas, former undisputed leaders, by three points to give both teams an interest in first place. Also in the triple deadlock were Wright-Simmons, who whitewashed Thompson-Rogers. Three-point wins also were recorded by Spradlin-Pluhar over Beckett - Frank Kennedy, Ernest Kennedy - Ludlow over Carter - O'Hara, Bowles-Koontz over James-Kinkaid and Collins - Watson over Arrowood-Wray. C. E. Harris and Tom Harris split even at two points each with Rutherford-Stinnett on an agreement forfeit by both sides.

Cotton Thomas, Paul Arrowood and Walt Simmons all fired 38s to tie for low scratch score of the week. Simmons had 32 and Arrowood 33 in handicap scoring.

League standing follows:

Team	W	L
Hicks-Cook	16 1/2	7 1/2
Wright-Simmons	16 1/2	7 1/2
Schultz-Thomas	16 1/2	7 1/2
Watson-Kinkaid	15	9
Carter-O'Hara	13 1/2	10 1/2
Bowles-Koontz	13	11
Collins-Watson	13	11
C. E. Harris-Tom Harris	12	12
Thompson-Rogers	11	13
Spradlin-Pluhar	10 1/2	13 1/2
Arrowood-Wray	8	16
Ernest Kennedy-Ludlow	8	16
Frank Kennedy-Beckett	7	17
Rutherford-Stinnett	6 1/2	12 1/2

Y-12er, Another's Son Win In Show

One Y-12er and the son of another were among the top winners in the East Tennessee Riding Club Horse Show held recently in Oak Ridge. The Y-12er to win was Hugh Griffin, of Chemical. Riding his two-year-old white stallion, Ghost Town, he placed fifth in the highly competitive class. Later he placed second in the walking horse finals with his Midnight Miracle.
